## August report

- Mowing and grading
- Hooking up cellular water meters
- Addressing drainage issues in some alleys and roads
- Sprayed weeds on roads and paths
- Truck route signs installed
- Repaired the heater core hoses on the Silverado
- Had an online meeting with Neptune to learn more about the cellar water meters
- Order and installed new filters on all the shop equipment. (Fuel filters, oil filters, air filters and hydraulic filters.)
- Fixed the pedestrian bridge at the corner of Saskatchewan st and railway.
- Order new air filters for HGCC

**Air conditioning unit broke at HGCC. HVAC sales and services came and got it to run again but it needs a replacement motor**
